

RENEW the LOOP!

Rebuilding Michigan's Capitol Loop

What is the Capitol Loop?

The Capitol Loop was established in 1986 as part of a larger effort to revitalize Michigan's Capitol city and the downtown area. It is one of several elements intended to create and enhance historic, cultural, educational, recreational and economic opportunities for visitors, businesses and residents in the Capitol Complex area. Other aspects which are already set in place include:

- **Renovation of the State Capitol Building**
- **Construction of the State Library and History Museum**
- **Creation of a Capitol Park with the core of the Capitol Loop**

Where is the Capitol Loop?

The Loop starts from I-496 at the south end, following Martin Luther King Jr. Blvd. north to Allegan St. and Ottawa St. It then moves east to Grand Ave., along Grand Ave. to Michigan Ave., east to Cedar St. and Larch St., then south again to I-496.

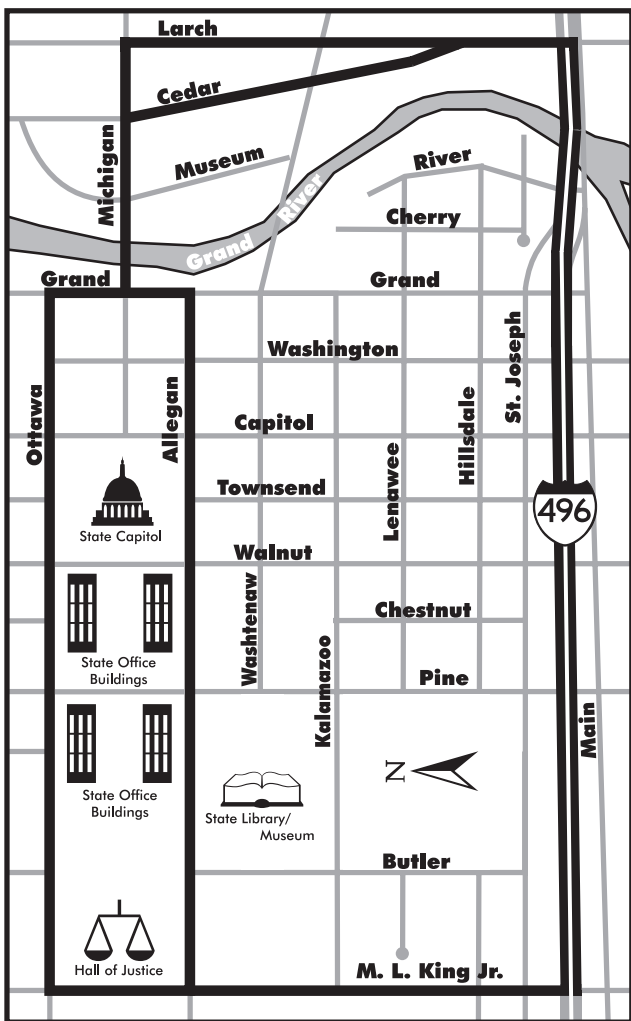

Who is Responsible for the Capitol Loop?

While the Michigan Department of Transportation has jurisdiction over the streets in the Capitol Loop, the State of Michigan and the City of Lansing are partners in the ongoing development and operations of the Capitol Loop. Members of various state and city agencies, along with business, visitor, cultural and educational groups are working together to bring about improvements that will continue to revitalize the core of the Capitol Loop.
